

Flavour your water

RETAP IS ALL ABOUT WATER

Hydration made easy

RETAP FLAVOUR INSTANT WATER TABS

Revolutionizing hydration with Retap Flavour

In today's health-conscious world, staying hydrated is widely acknowledged as essential for maintaining health and enhancing productivity, especially in work environments, dry climates, and among frequent consumers of coffee and tea. At Retap, we recognize the evolving needs and preferences of consumers who seek hydration and an enriching experience that aligns with their lifestyle choices and environmental values.

The rising trend of enhanced hydration

Recent market analysis shows a significant shift towards flavoured water, with the global market expected to reach Euro 35,3 billion by 2031, demonstrating a growing consumer demand for more than just plain water. This trend underscores a shift in consumer preferences towards beverages that offer both health benefits and enjoyable experiences.

Climate-conscious choices

Today's consumers are more environmentally aware than ever before. They prefer products that do not compromise on sustainability for convenience. Retap Flavour offers a climate-smart solution by providing a way to enjoy flavored water without the environmental cost of bottled beverages. Our approach significantly reduces the carbon footprint associated with transporting bottled water and aligns with the values of a growing demographic of eco-conscious consumers.

Premium experience with Flavour tabs

Retap Flavour is designed not only for optimal convenience and ease of use but also to elevate the consumer's drinking experience. These tabs allow users to transform ordinary tap or filtered water into a delightful beverage with a hint of natural fruits and berries, offering a premium feel right in their workplace. This innovation speaks directly to businesses looking to enhance their hospitality with a sophisticated and user-friendly offering.

Engaging business customers

We ask you to join us in this innovative journey by considering how Retap Flavour can enhance your offering and appeal to your colleagues and customers. By incorporating Retap Flavour tabs into your services, you can provide a unique, personalized hydration experience that appeals to health-minded individuals and those who cherish quality and sustainability.

Retap is committed to revolutionizing the way people drink water. By choosing Retap Flavour, you do not just provide a beverage, you offer a hydrating experience that is delicious, eco-friendly, and health-enhancing. We invite you to explore the possibilities with Retap Flavour and see how this innovative solution can elevate the user experience at your workplace, ensuring that your colleagues and customers leave with a lasting, positive impression.

PICK YOUR FAVOURITE

Energize Your Day

Guarana Grapefruit

Start your day with a zing of energy from our Guarana Grapefruit flavour. Combining the invigorating essence of grapefruit with the natural boost of guarana, it's a flavour that tantalizes your taste buds and energizes your body. Guarana is renowned for its natural caffeine content, providing a gentle, sustained energy lift, making this flavour a perfect pick-me-up to stay alert and focused throughout the day. Embrace the fusion of flavours and vitality in every sip.

A Zesty Refreshment

Lemon Lime

Immerse yourself in the zesty embrace of our Lemon Lime flavour. Experience the invigorating citrusy notes that awaken your senses and provide a burst of energy. Packed with Vitamin C, this flavour fusion not only adds a delightful twist to your water but also boosts your immune system, making hydration an exhilarating journey.

A Tangy Treat

Cranberry

Indulge in the tangy allure of our Cranberry flavour. Savory and satisfying, it offers a deliciously unique taste that elevates your hydration routine. Cranberries are known for their antioxidants, making this flavour a wholesome choice. Let every sip be a celebration of flavour and well-being.
